

CERTIFICATE

OF COMPLETION

This is to certify that

SVITLANA LISOVYCH

has successfully completed the course

"MACHINE LEARNING FOR PEOPLE"

This 7-month program equips graduates with skills to train and evaluate ML models, engineer features, handle imbalanced data, and apply deep learning and time series forecasting. They can build and deploy end-to-end solutions using Python, Scikit-learn, PyTorch, and LangChain, and work confidently with MLOps tools, version control, and model deployment frameworks.
